

Advantum Health Improves Orthopedic Revenue Results

Comprehensive Solutions with Advantum Health's Orthopedic Division

Combining Revenue Cycle Services with Healthcare Analytics and More

Treating patients today is very different than treating patients in the past. The changing regulations, new payment models, increase in administrative tasks, and the many platforms and technologies in use make it extremely difficult to focus on what matters the most - your patients.

Therefore, we make it our mission to help relieve you of these burdens. Advantum Health provides a one-stop shop for Orthopedic Providers and Group Practices to manage the complete revenue cycle operations while also offering healthcare denial analytic services to optimize the performance of your business. Our team is specifically trained to find any opportunities for improvement and implement best practices for both financial and operational success.

The Advantum Health Solutions

For over 28 years, Advantum Health has used robust analytics, advanced technology, and skilled staff to provide an end-to-end solution for our Orthopedic clients. Our services include:

▶ Revenue Cycle Management (RCM)

- Coding and modifier management
- Claims scrubbing & submission
- Charge capture & posting
- Denial management
- A/R follow-up
- Payment posting
- Patient statements

▶ Provider Enrollment & Credentialing Verification

▶ Prior Authorization

- RPA and Machine Learning expertise
- Reduction of Peer-to-Peer requirements

▶ Healthcare Consulting Services

- Business Assessment
- EHR Optimization
- Quality Payment Analysis (MIPS / MACRA)
- Coding Audits

Advantum Health's Orthopedic Division is Result Driven and Customer Focused

Benefits of Advantum Health RCM & Analytics Services

- ▶ **Maximize Reimbursement:** Advantum Health increases your payment velocity and decreases payer reviews and retroactive audits.
- ▶ **Unmatched Expertise:** Our team has complete revenue cycle expertise including AAPC & AHIMA certified coders and seasoned Orthopedic billing experts, all supported by a technology driven infrastructure.
- ▶ **Focused Associates:** Our team members are highly accomplished in all aspects of Orthopedic practices: physiotherapy, chiropractic, occupational therapy, podiatry, and kinesiology; surgical orthopedics such as hand surgery, shoulder and elbow surgery, total joint reconstruction (arthroplasty), pediatric orthopedics, foot and ankle surgery, spine surgery, musculoskeletal oncology, surgical sports medicine, and orthopedic trauma.
- ▶ **Actionable Analytics:** Advantum's innovative technology connects to your existing EHR or PM system to produce real-time insights in a user-friendly dashboard.
- ▶ **Technology Platform with Robotic Process Automation (RPA):** Advantum uses both RPA and machine learning (ML) technology to speed the revenue cycle process and maximize your profits.

Advantum Health Goes Above and Beyond the Routine

This is what we do - every day. Are you and your staff frustrated with the headaches of credentialing, keeping up with the various payer rules, receiving denied claims, and playing the never-ending game of chasing bills and payments?

We understand that while these activities are necessary to help your business thrive, they can also keep you from the time you spend treating your patients. Therefore many of our client turned to Advantum Health to provide complete end-to-end RCM services. Our team can work within your current practice management system or EHR or we can provide this technology for you.

Our goal is to ensure you're successful today and tomorrow, as the industry continues to evolve. Advantum Health acts as your trusted advisor, and your Revenue skilled partner, responsible for the financial and operational success of your business.
