Coding Audits

Unbiased Risk Management Solutions

Compliance Assurance Providers Can Count On

Advantum offers comprehensive auditing services to ensure the accuracy and compliance of your coding. Even small errors can have big consequences. As your practice grows, so do your chances of something slipping through the cracks. That's where Advantum comes in.

Through our regular and objective external reviews, we help practices avoid errors and uncover problematic trends. We thoroughly review your operational processes, clinical documentation, payer contracts and historical claims and payments to identify opportunities where your practice is undercoding and not receiving the full value for your services.

With a team of more than 40 certified coders supported by our Advantum Ai technology, we keep providers compliant and your revenue maximized.

42%

of Medicare evaluation and management (E/M) services are coded incorrectly.
